

## Sweet news that taste like vinegar!

Mendes Gonçalves represents Portugal again ? this time with the new Fig Vinegar in Spray Bottle.

Following the distinction the company was awarded for being one of the most innovative in the Portuguese market, now the Fig Vinegar in Spray Bottle was the best placed Portuguese product at the SIAL D'OR.

?Of the nine Portuguese products presented at Montreal, Canada, Mendes Gonçalves? Fig Vinegar in Spray Bottle was the most voted product?, according to an article published by the Distribuição Hoje magazine, that continues:

?Even though it didn?t win in any category, Portugal?s presence shone through Peninsular?s Fig Vinegar, the most voted Portuguese product. Joining two innovative features in one product ? the fig as raw material for making vinegar and the new spraying bottle ? the Fig Vinegar was awarded with the 2011 ?Flavour of the Year? Award in the category of vinegar. It was produced by using figs grown in the factory?s surrounding area and through completely natural processes.?
